

NOTICE

CLIENT FOCUS GROUPS

Addictions and Mental Health Services – Hastings Prince Edward

AMHS - HPE wants to meet with clients of the agency to obtain feedback about the services offered. The purpose of this activity will be to meet with clients and have a conversation with them about the services they are receiving, or have received in the past. The place and time of the meeting is listed below.

The important part of this activity will be to determine how clients see themselves providing ongoing input into the agency. What kind of involvement would they like to have in the future? What would be the most convenient way for them to provide this feedback and would they be willing to commit to being part of an ongoing process?

If you want to have input into the future of Addictions and Mental Health Services in your area, please feel free to join us, and let the contact person listed below know that you wish to attend.
